

## Breakout Group Questions Session 2

### **Governing and Coordinating the Campuswide Initiatives – Best Practices and Approaches**

*(budget 10 minutes per question)*

1. Identify the activities related to ethics-orientated teaching, research/practice, and outreach within your group. With respect to the identified activities, please consider the following questions:  
  
Why are these issues critical to accomplish?  
  
What are the barriers to accomplishment?  
  
How can an institute facilitate such collaboration?
2. Identify the cross-disciplinary collaborations within and outside MSU in ethics-orientated teaching, research/practice, and outreach within your focus area. With respect to these collaborations, please consider the following questions.  
  
Why are these collaborations important?  
  
What disciplines are missing or under-represented?  
  
What are the barriers to building the collaboration?  
  
How can an institute facilitate such collaboration?
3. How can interdisciplinary and transdisciplinary study of ethics be amplified within your focus area?  
  
What would be the gain of such amplification?  
  
What are the barriers to the amplification efforts  
  
How can an institute facilitate such collaboration?

# MSU Ethics Symposium

4. Identify the key administrative structures within the campus that focus on improving the ethical environment that can improve the performance of faculty research, pedagogical and outreach activities?

What are internal barriers that MSU faces in accomplishing these?

How can an institute facilitate this?
